## home & office

**A Eames®  
Lounge Chair  
and Ottoman**

The distinctive Eames lounge chair and ottoman lives in museums like MoMA in New York and the Art Institute of Chicago, and in stylish interiors everywhere. It has been the subject of documentary films and books. It even has its own fan website. Calling it a classic is an understatement. It's the quintessential example of mid-century design—elegant and profoundly comfortable too.

### Nelson™ Platform Bench

Introduced in 1946, the Nelson platform bench remains a landmark of modern design. The clean, rectilinear lines reflect designer George Nelson's architectural background and his insistence on what he called "honest" design - making an honest visual statement about an object's purpose. The bench serves as a multipurpose display and resting place in offices, public areas, and homes.

### Noguchi Table

The perfect balance between art and furniture. Sculptor Isamu Noguchi created his distinctive table by joining a curved, solid wood base with a freeform glass top. The ethereal result does not diminish the practical design - a sturdy and durable table. This marriage of sculptural form and everyday function has made the Noguchi table an understated and beautiful element in homes and offices since its introduction in 1948.
